

## Technical data for ALLPROTECT by Landolt.com™

### Product type

ALLPROTECT by Landolt.com™

Nonwoven with an adhesive PE film and non-slip surface

### Characteristic properties

Material Hard-wearing nonwoven made of synthetic fibres  
Underside with residue-free adhesive PE film as a liquid barrier

Colour mottled grey

### Technical properties

Thickness approx. 2.5 mm

Weight approx. 350 g/m<sup>2</sup>

Static puncher force CBR 4.0 KN

Dynamic perforation resistance 10 mm

Water impermeability water-tight

Water absorption ability 430% by weight

### Advantages

Protects floors, stairs, tiles, furniture, etc. (e.g. as a temporary dirt trap, from mechanical damage and stains from spilled liquids)

High level of mechanical resistance in areas subjected to heavy stress.

Can be used vertically.

Helps prevent accidents (underside has a residue-free adhesive PE film)

Fast, crease-free laying (saves time)

Environmentally friendly (free of harmful substances, thermally disposable)

### Important

Before use acclimatization at room temperature of 18°C is necessary.

The product is largely vapour-tight and can be used on certain surfaces with active diffusion.

Trial use on test surfaces is recommended.

### Delivery form (rolls)

Roll length 25 m

Roll width 100 cm

Diameter approx. 25 cm

15 rolls/pallet

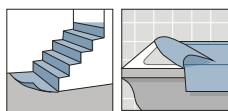

### Packaging (blanks with rounded corners)

(nominal dimension) 30 x 60 cm (10 units/bag / 68 bags/box / 2 boxes/pallet)

(nominal dimension) 50 x 70 cm (5 units/bag / 75 bags/box / 2 boxes/pallet)

(nominal dimension) 100 x 60 cm (8 units/bag / 42 bags/box / 2 boxes/pallet)

### Function / Application

100% residue-free / Strong bond (walls, ceiling, floor) / Reusable / Impermeable to water / Non-slip / Absorbent / Positive heat reflection / Robust / Tear resistant / Cut resistant / Dirt-proof / Easy to lay / Easy to clean / Fuzz resistant / Can be incinerated / Neutral surface colour / No penetration by dust and small particles / Impact absorbent / Suitable for everyday use / Versatile in use / Dekorativ
